NOTICE OF ANNUAL GENERAL MEETING

4

Notice is hereby given that the 49th Annual General Meeting of the Tuggeranong Valley Rugby Union Football Club Incorporated (TVRUFC) will be held at the Sports Bar, Erindale Vikings Club at 7:00pm on Thursday 19 November 2020.

NB: Financial Members only will be admitted to the AGM and the doors will be closed at 7:00pm sharp and no further persons will be admitted until after the election of office bearers is completed. As per ACT legislation a list of eligible members is displayed at the TVRUFC Rugby Club Office at Viking Park.

For more information on membership and payment, click [here](#).

Nomination forms for 2020/2021 Rugby Committee nominees are available on the Vikings Rugby Website (at the link below or under the Membership tab) or from Rugby Staff at the Rugby Club Office at Viking Park.

Note: Fully completed nomination forms must be received no later than COB (5:00pm) Thursday 12th November 2020. The nomination form must be lodged in person to the Rugby Office staff before the deadline indicated above at the Rugby Office at Viking Park, 4 Amsinck St, Wanniasa.

AGENDA

1. **Call to Order**
 - Attendance
 - Apologies
2. **Acceptance of Minutes**
 - Business arising from previous minutes
3. **Acceptance of Financial Statements and other Reports**
 - President
 - Treasurer
 - Acceptance of 2019/2020 Financial Statements
4. **General Business**
5. **Election of Committee Members**
 - Pres, VPres, Treas, 5 x other members
6. **Close**

2019 ANNUAL GENERAL MEETING MINUTES

1. CALL TO ORDER

The President Brendan Allardyce opened the meeting at 7:15pm and noted 41 voting members were in attendance, which constitutes a quorum. He called the 48th Annual General Meeting (AGM) of the Tuggeranong Valley Rugby Union Football Club (TVRUFC) Inc to order and thanked the members for their attendance. Mr Allardyce noted that Mr Ryne Bowden (minute taker) and Mr Lee Boswell would act as counters for any official votes of the 48th AGM, with Mr Graham Stripp to act as scrutineer.

1.1 Attendance

Attendance is as per the signed list at the entrance to the Richard Heher Sports Bar.

1.2 Apologies

Mr Steven Moore, Life Member

Mr Duncan McMillan, Life Member

Mr Richard Cordy, Life Member

Mr Ian Schubert, Non-Playing Member

2. MINUTES OF THE PREVIOUS AGM OF 21 NOVEMBER, 2018

2.1 Business arising from previous minutes

Mr Allardyce asked those in attendance to consider the minutes of the 47th Annual General Meeting located on pages five (5) to six (6) of the 2018 Annual Report. The minutes were accepted by Mr David Paull, seconded by Mr Russell Ott.

There were no questions.

3. ACCEPTANCE OF FINANCIAL STATEMENTS AND OTHER REPORTS

3.1 Auditors and Treasurers Report and presentation of the 2016/2017 Financial Report

Mr Allardyce asked those in attendance to consider the President's Report, found on page twenty-nine (29). Mr Allardyce first commented on the financial report reporting a positive surplus of \$40 000 which he noted was an outstanding achievement from the 2019 Committee and staff considering the challenges faced throughout the year. Mr Allardyce commended the 2019 Committee and staff for their financial prudence. Mr Allardyce noted from the minutes of the 47th AGM a gesture from the Club to forgo a CPI increase on the grant from the Licence Club for 2018 and 2019, a good will gesture to the Licence Club that recognised the challenging operating environment the Licence Club works in. Mr Allardyce reported the CPI increase forgone totalled \$17 000 and he suggested the new committee should review this arrangement.

Mr Allardyce commented on the increased medical costs and that the Committee had adequately prepared for this expense through the implementation of a provision, to plan for players who would be claiming through the policy at the end of the season.

Mr Allardyce reported that he was proud of the off-field strategic objectives achieved by the Club, including the Club's work with the Licence Club and their Charity of the year (Marymead), player welfare and support, the work with the Modified Rugby Program, the focus on women's and girls' Rugby, the enhanced member experience at Viking Park and the Sports Bar (Zoo), the planning of the overseas tour to Fiji, the review taking place of the Club's event calendar and the broadening of volunteers, sponsors and the Club's social media.

2019 ANNUAL GENERAL MEETING MINUTES (CONT)

6

Mr Allardyce reported that the Senior Club would be acquiring the Junior's U16-U18 program with the hope of providing a better Rugby experience for this age group. Mr Allardyce noted that this would come at a big expense but was excited about the potential of the U16-U18 program under the guidance of the Senior Club.

Mr Allardyce reported that it had been a tough year for the Club on-field but praised the playing group for still getting 5 of 6 teams into semi-finals, particularly 1st and 2nd Grade who progressed to the grand final. Mr Allardyce noted that he was confident the Club would rebound in 2020.

Mr Allardyce passed his thanks to the three (3) Committee members who would not be standing in 2020, Mr Ryan Slater, Mr Duane Petersen and Mr Michael Henry, thanking them for their service but reiterating to those in attendance that the 3 would still be involved with the Club in 2020. Mr Allardyce also passed his thanks to the Rugby Office Staff, the Licenced Club, the Sponsors, volunteers, players and their families for their contribution to the Club in 2019.

3.2 Treasurer's Report

Mr Ryan Slater asked those in attendance to consider the Financial Report, found on pages seven (7) to twenty-six (26). Mr Slater noted that the 2019 Financial Report featured an unqualified auditor opinion on the Club's accounts and a surplus of \$40 000, to which he credited to the Committee's commitment to the Club's future.

Mr Slater noted that the Club had turned over one million dollars in 2019, which was a great achievement given the loss of long-term Club sponsor Commonwealth Motors. Mr Slater commended Mr Allardyce and Mr Bowden for their work in securing Rolfe Classic BMW and Slaven Mazda as a sponsor of the Club.

Mr Slater reported that there was a reduction in other areas of income, noted in Note four (4) and 5 of the financial report, which he attributed to the 2018 Rugby Tour. Mr Slater reported a positive cash flow of fifty thousand dollars which he commended the Rugby Committee for.

Mr Slater noted the provision to assist with the Club's medical costs, which would be a necessary thing moving forward for the Rugby Committee.

Mr Slater noted that the auditor recommended some changes to the Club's related party transactions, noted on page twenty-three (23) of the report, that outlines that, although the Club has a strong related party transaction with the Licenced Club, the Rugby Committee do not exercise any control of the Licenced Club. Therefore, the two (2) parties do not prepare any consolidated financial statements.

Mr Slater finalized his report by thanking the Committee, players, support staff and sponsors for their support over the past 7 years and noted that the Committee was in a great spot moving forward.

3.3 Acceptance of 2018/19 Financial Statements

The 2018/19 Financial Statements were accepted by Mr Geoff Adam, seconded by Mr Jim Shonk.

4. GENERAL BUSINESS

There were no general business items raised at the 48th Annual General Meeting.

5. ELECTION OF COMMITTEE MEMBERS

Mr Allardyce commented briefly before the election that there had not been enough nominations received to fill the general committee member positions and that the Chair would be receiving nominations from the floor for these positions. Mr Allardyce also outlined the unfortunate situation, whereby Mr Brett Naylor was not a financial member and could not nominate for a committee position, but if a position remained vacant, under the constitution, in the new committee year, the new committee could bring Mr Naylor on-board.

Mr Allardyce declared that those in attendance would now elect Committee members for 2020 and that all positions were vacant. Mr Allardyce then handed over the position of Chair to Mr Geoff Adam.

2019 ANNUAL GENERAL MEETING MINUTES (CONT)

7

5.1 President

Mr Adam noted that there had been only one (1) nomination for President for 2020, the nominee being Mr Allardyce. As a result, Mr Allardyce was re-elected to President and resumed as Chair of the meeting.

5.2 Vice President

Mr Allardyce noted that there had been only 1 nomination for Vice-President for 2020, the nominee being Mr Adam. As a result, Mr Adam was re-elected to Vice-President.

5.3 Treasurer

Mr Allardyce noted that there had been only 1 nomination for Treasurer for 2020, the nominee being Mr Cameron Shaw. As a result, Mr Shaw was elected to Treasurer.

5.4 Five Other Members

Mr Allardyce noted that there had been only 3 nominations for 5 positions for general Committee members and that as per the constitution those members are automatically elected. The 3 nominees were Mr Russell Ott, Ms Stefanie Stewart-Jones and Mr David Grimmond. Mr Allardyce congratulated the nominees on their election to the Committee. Mr Allardyce noted that there were 2 vacancies on the Committee and that as per the constitution he would call for nominations off the floor. Ms Stewart-Jones nominated Ms Peta Leddy for a vacant Committee position. Mr Greg Hayes nominated Mr Peter Chapman for a vacant Committee position. Mr Henry nominated Mr Andrew Dickson for a vacant Committee position. Ms Leddy and Mr Chapman spoke to their nomination and requested that those in attendance elect them to serve on the Committee in 2020. Mr Dickson withdrew from his nomination. Mr Allardyce then called for any other nominations from the floor, to which there were none. As the only two nominees, Ms Leddy and Mr Chapman was elected to the 2020 Committee.

6. CLOSE

Mr Allardyce thanked all those in attendance and closed the 48th AGM of the TVRUFC at 7:43pm.

Tuggeranong Valley Rugby Union Football Club Incorporated
Year Ended 30 September 2020

Statement by Committee Members

The number of Committee meetings held during the year and the number of meetings attended by each Committee member were as follows:

Name	Role	Attended	Meetings entitled to attend	Total 2019 meetings held
Brendan Allardyce	President	9	10	10
Geoff Adam	Vice President	8	10	10
Cameron Shaw	Treasurer	8	10	10
David Grimmond	Committee Member	9	10	10
Stefanie Stewart-Jones	Committee Member	10	10	10
Russell Ott	Committee Member	9	10	10
Peter Chapman	Committee Member	9	10	10
Peta Leddy	Committee Member	10	10	10
Joe Langtry	Club Captain	10	10	10

The principal activities of the Club during the financial year were administering the playing of rugby union football by the Club's members. No significant change to these activities occurred during the year.

Revenue reductions relating to the COVID-19 impact on grants from the Licensed Club (\$130,495) have been largely offset by government assistance (\$113,005). Furthermore, decisions taken by the Committee and staff to reduce costs during uncertain times have assisted the Club to achieve a surplus result and be well placed for increased costs in the 2020-21 financial year.

Economical decision-making resulted in reduced expenses for; playing uniforms, functions, player/coach development, photo & videos and staff leave balances.

The Club's total surplus for the financial year was \$64,365 (2019: \$40,686 surplus).

**Tuggeranong Valley Rugby Union Football Club Incorporated
Year Ended 30 September 2020**

Declaration by Committee

The Committee of the Club declare that the financial statements:

1. give a true and fair view of the financial position as at 30 September 2020 and of the performance for the year ended on that date of the Club in accordance with Australian Accounting Standards, mandatory professional reporting requirements and other authoritative pronouncements of the Australian Accounting Standards Board.
2. There are reasonable grounds to believe that the Club will be able to pay its debts as and when they become due and payable.
3. Satisfy the reporting requirements of the *Associations Incorporation Act (ACT) 1991*.

This declaration is made in accordance with a resolution of the Committee.

Tuggeranong Valley Rugby Union Football Club Incorporated

Notes to the Financial Statements For the Year Ended 30 June 2020

Note 1: Corporate information

The financial statements of Tuggeranong Valley Rugby Union Football Club Incorporated (the "Club") for the year ended 30 September 2020 were authorised for issue on 27 October 2020. The Club is an association incorporated in Australia under the *Associations Incorporation Act (ACT) 1991*. The nature of the operations and principal activities of the Club are described in the "Statement by Committee Members".

Note 2: Summary of Significant Accounting Policies

Basis of Preparation

The financial report is a general-purpose financial report which has been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board – Reduced Disclosure Requirement and the *Associations Incorporation Act (ACT) 1991*.

The financial report has been prepared on the historical cost basis except for financial assets held for trading which are measured at fair value. The financial report is presented in Australian dollars and all values are rounded to the dollar unless otherwise stated.

Accounting Policies

(a) Revenue

Revenue recognised under AASB 15 is measured at the amount which the Club expects to receive in consideration for satisfying performance obligations to a customer. A performance obligation is the distinct good or service defined within the contract with a customer. The transaction price is allocated to one or more performance obligations contained within the contract, with revenue being recognised as or when the performance obligation is satisfied.

Timing of Revenue Recognition

Revenue is recognised either at a point in time or over time, when (or as) the entity satisfies performance obligations by transferring the promised goods or services to its customers.

If the entity satisfies a performance obligation before it receives the consideration, the entity recognises either a contract asset or a receivable in its statement of financial position, depending on whether something other than the passage of time is required before the consideration is due.

Any income billed but not received at year end is recorded as part of trade receivables. Amounts unbilled and accrued at year end are recognised as contract assets and recorded as part of accrued income. When income is received prior to the provision of services, a contract liability is recognised in the statement of financial position as unearned income.

Tuggeranong Valley Rugby Union Football Club Incorporated

Notes to the Financial Statements For the Year Ended 30 June 2020

Accounting Policies (continued)

(b) Taxation

No provision for income tax has been raised as the entity is exempt from income tax under Division 50-5 of the *Income Tax Assessment Act 1997*.

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of expense.

Receivables and payables in the Statement of financial position are shown inclusive of GST.

Cash flows are presented in the Statement of cash flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

(c) Employee benefits

Provision is made for the Club's liability for employee benefits arising from services rendered by employees to the reporting date. Employee benefits expected to be settled within one year together with benefits arising from wages, salaries and annual leave which may be settled after one year, have been measured at the amounts expected to be paid when the liability is settled. Other employee benefits payable later than one year are measured at the net present value.

The Club's obligations for long term employee benefits are presented as non-current employee provisions on the Statement of financial position, except where the Club does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

(d) Provisions

Provisions are recognised when the entity has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions recognised represent the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Tuggeranong Valley Rugby Union Football Club Incorporated

Notes to the Financial Statements For the Year Ended 30 June 2020

Accounting Policies (continued)

(e) Cash and cash equivalents

Cash and cash equivalents include cash on hand, deposits held at-call with banks and other short-term highly liquid investments with original maturities of three months or less.

(f) Property, plant and equipment

Each class of plant and equipment is carried at cost or fair values as indicated, less, where applicable, any accumulated depreciation and impairment losses.

Plant and equipment

Plant and equipment are measured on the cost basis less depreciation and impairment losses.

The carrying amount of plant and equipment is reviewed annually by the Committee to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the asset's employment and subsequent disposal. The expected net cash flows have been discounted to present values in determining recoverable amounts.

Plant and equipment assets that have been contributed at no cost, or for nominal cost are valued at the fair value of the asset at the date it is acquired.

Depreciation and amortization

The depreciable amount of all non-current property, plant and equipment assets are depreciated on a straight-line basis over the asset's useful life to the entity commencing from the time the asset is held ready for use.

The depreciation rates used for each class of depreciable assets are:

Class of non-current asset	Depreciation Rate
Plant and equipment	20%

The assets' residual values and useful lives are reviewed by Committee, and adjusted if appropriate, at each reporting date. Asset classes carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Tuggeranong Valley Rugby Union Football Club Incorporated

Notes to the Financial Statements For the Year Ended 30 June 2020

Accounting Policies (continued)

(f) Property, plant and equipment (continued)

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains or losses are included in the Statement of comprehensive income.

(g) Leases

At inception of a contract, the Club assesses whether a contract is, or contains, a lease. A contract is considered to contain a lease if it allows the entity the right to control the use of an identified asset over a period of time in return for consideration. Where a contract or arrangement contains a lease, the Club recognises a right-of-use asset (lease asset) and a lease liability at the commencement date of the lease.

A right-of-use asset is initially measured at cost, which is the present value of future lease payments adjusted for any lease payments made at or before the commencement date, plus any make-good obligations and initial direct costs incurred. Lease assets are depreciated using the straight-line method over the shorter of their useful life and the lease term. Periodic adjustments are made for any re-measurements of the lease liabilities and for impairment losses.

Lease liabilities are initially measured at the present value of future minimum lease payments, discounted using the entity's incremental borrowing rate if the rate implicit in the lease cannot be readily determined, and are subsequently measured at amortised cost using the effective interest rate. Minimum lease payments include fixed payments, amounts expected to be paid under a residual value guarantee, the exercise price of purchase options for which the Club is reasonably certain to exercise and incorporate the Club's expectations of lease extension options.

The lease liability is remeasured when there are changes in future lease payments arising from a change in rates, index or lease terms from exercising an extension or termination option. A corresponding adjustment is made to the carrying amount of the lease assets.

Short term leases (lease term of 12 months or less) and leases of low value assets (\$10,000 or less) are recognised as an expense as incurred in the statement of comprehensive income.

(h) Financial instruments

Financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the Club commits itself to either purchase or sell the asset (i.e. trade date accounting is adopted).

Tuggeranong Valley Rugby Union Football Club Incorporated

Notes to the Financial Statements For the Year Ended 30 June 2020

Accounting Policies (continued)

(h) Financial instruments (Continued)

Financial instruments (except for trade receivables) are initially measured at fair value plus transaction costs, except where the instrument is classified "at fair value through profit or loss", in which case transaction costs are expensed to profit or loss immediately.

Classification and subsequent measurement

Financial instruments are subsequently measured at either fair value or amortised cost using the effective interest rate method. The subsequent measurement depends on the classification of the financial instrument as described below.

Financial assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Financial assets that meet the following conditions are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets that meet the following conditions are subsequently measured at fair value through other comprehensive income (FVTOCI):

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling the financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

By default, all other financial assets are subsequently measured at fair value through profit or loss (FVTPL).

Despite the above, the Club may make the following irrevocable election/designation at initial recognition of a financial asset:

- the Club may irrevocably elect to present subsequent changes in fair value of an equity instrument in other comprehensive income if certain criteria are met; and
- the Club may irrevocably designate a financial asset that meets the amortised cost or FVTOCI criteria as measured at FVTPL if doing so eliminates or significantly reduces an accounting mismatch.

Tuggeranong Valley Rugby Union Football Club Incorporated

Notes to the Financial Statements For the Year Ended 30 June 2020

Accounting Policies (continued)

(h) Financial instruments (Continued)

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

Impairment of financial assets

The entity recognises a loss allowance for expected credit losses on financial assets that are measured at amortised cost or at FVTOCI. No impairment loss is recognised for investments in equity instruments. The amount of expected credit losses is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial asset.

The entity recognises lifetime expected credit losses for trade receivables. The expected credit losses on these financial assets are estimated based on the entity's historical credit loss experience adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the future direction of conditions at the reporting date, including time value of money where appropriate.

(i) Comparative figures

When required by Australian Accounting Standards, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

(j) Impairment of tangible and intangible assets

At each reporting date, Committee reviews the carrying values of its tangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value.

Any excess of the asset's carrying value over its recoverable amount is expensed to the Income Statement.

Where future economic benefits of the asset are not primarily dependent upon the asset's ability to generate net cash inflows and when the entity would, if deprived of the asset, replace its remaining future economic benefits, value in use is depreciated replacement cost of an asset.

Where it is not possible to estimate the recoverable amount of an asset class, the Club estimates the recoverable amount of the cash-generating unit to which the class of asset belongs.

Tuggeranong Valley Rugby Union Football Club Incorporated

Notes to the Financial Statements For the Year Ended 30 June 2020

Accounting Policies (continued)

(k) Critical accounting estimates and judgements

The Committee evaluate estimates and judgements incorporated in to the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Club.

Key estimates – Impairment

Management has identified the following critical accounting policies for which significant judgements, estimates and assumptions are made. Actual results may differ from these estimates under different assumptions and conditions and may materially affect financial results or the financial position reported in future periods.

Estimation of useful lives of assets

The estimation of the useful lives of assets has been based on historical experience as well as manufacturers' warranties (for plant and equipment) and turnover policies. In addition, the condition of the assets is assessed at least once per year and considered against the remaining useful life. Adjustments to useful lives are made when considered necessary.

Estimation of fair value for available for sale financial assets

The fair values of investments that are actively traded in organised financial markets are determined by reference to quoted market bid prices at the close of business on the reporting date. For investments with no active market, fair values are determined using valuation techniques. Such techniques include: using recent arm's length market transactions; reference to the current market value of another instrument that is substantially the same and discounted cash flow analysis; and option pricing models, making as much use of available and supportable market data as possible and keeping judgemental inputs to a minimum.

The Club has made a significant judgement in the estimation of the fair value of its available for sale financial assets. The available for sale financial assets relate to the Club's investment in a unit trust for the Bunnings Belconnen Site. There is no active market for this investment and the Club has made the judgement that independent market advice is the best available evidence of its fair value.

Tuggeranong Valley Rugby Union Football Club Incorporated

Accounting Policies (continued)

(l) Application of new accounting standards

The Club has adopted all of the new, revised or amended accounting standards and interpretations issued by the Australian Accounting Standards Board that are mandatory for the current reporting period. The adoption of these Accounting Standards and Interpretations did not have any material impact on the financial performance or position of the Club in either the current or prior financial reporting periods.

Note 11: Related Party Disclosures

(a) Details of Key Management Personnel

The Committee of the Club during the financial year were:

Brendan Allardyce	President
Geoff Adam	Vice President
Cameron Shaw	Treasurer
David Grimmond	Committee Member
Stefanie Stewart-Jones	Committee Member
Russell Ott	Committee Member
Peter Chapman	Committee Member
Peta Leddy	Committee Member
Joe Langtry	Club Captain

(b) Compensation of Key Management Personnel

There was no compensation of key management personnel during the financial year apart from a \$1,932 honorarium paid to the President (2019: \$4,000).

(c) Related Party Transactions

The Club acknowledges the related party relationship with the Tuggeranong Valley Rugby Union and Sports Club Limited (the Licensed Club).

The Committee do not consider that it exercises control over the Licensed Club as any management decisions made by the Licensed Club are independent of the Club.

The following related party transactions occurred during the financial year:

- Grants received from the Licensed Club totalled \$536,599 (2018: \$667,094).
- The Club received from the Licensed Club other minor incidental benefits such as free beverages during the year. All other transactions were on normal commercial terms and conditions.

Tuggeranong Valley Rugby Union Football Club Incorporated**Notes to the Financial Statements
For the Year Ended 30 June 2020****Note 12: Commitments and contingencies**

There are no commitments or contingencies at reporting date.

Note 13: Events after reporting date

The impact of COVID-19 will continue to affect the Club beyond this reporting date.

Specifically, the delayed finish to the playing season has caused the following events to be held outside of this reporting period:

- Presentation night - 2020
- Sportsman's lunch - 2020

Expenses for these events will be incurred in the 2020-21 reporting period and there is potential for the 2021 versions of these events to also be incurred during 2020-21.

Additionally, although the Licensed Club has now restored the Club's grant to 100%, there will be a review of all Licensed Club grants during 2020-21.

INDEPENDENT AUDITOR'S REPORT TO THE TUGGERANONG VALLEY RUGBY UNION FOOTBALL CLUB INCORPORATED

Report on the Audit of the Financial Report

Opinion

I have audited the financial report of the Tuggeranong Valley Rugby Union Football Club Incorporated (*the Club*), which comprises the statement of financial position as at 30 September 2020, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the Statement by Committee Members.

In my opinion the financial report of the Tuggeranong Valley Rugby Union Football Club Incorporated has been prepared in accordance with Australian Accounting Standards and the *Associations Incorporation Act (ACT) 1991*, including:

- a) giving a true and fair view of the Club's financial position as at 30 September 2020 and of its financial performance for the year then ended; and
- b) complying with Australian Accounting Standards and the *Associations Incorporation Act (ACT) 1991*.

Basis for Opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of my report. I am independent of the Club in accordance with the ethical requirements of the *Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants* (the *Code*) that are relevant to my audit of the financial report in Australia. I have also fulfilled my other ethical responsibilities in accordance with the *Code*.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis my opinion.

Responsibilities of Committee for the Financial Report

The Committee of the Club is responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards and the *Associations Incorporation Act (ACT) 1991*, and for such internal control as the Committee determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Committee is responsible for assessing the Club's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Committee either intends to liquidate the Club or to cease operations, or has no realistic alternative but to do so.

The Committee is responsible for the Club's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Report

My objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

As part of an audit in accordance with the Australian Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit.

I also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Club's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Club.

- Conclude on the appropriateness of the Club’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Club’s ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor’s report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor’s report. However, future events or conditions may cause the Club to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

I communicate with the Club regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including when considered necessary any significant deficiencies in internal control that I identify during my audit.

TREASURER'S REPORT

32

My first year as Treasurer of the Vikings Rugby Club has certainly seen the Club face some huge challenges both on and off the field. From a financial perspective, the impact of COVID 19 on the clubs revenue streams required the committee and staff to put measures in place to reduce expenses and ensure the ongoing financial viability of the Club.

Despite these challenges, I am pleased to report that the Club recorded a 2019-20 surplus of \$64,365. The aforementioned revenue reductions primarily related to a reduction in the Licensed Club grant, which was largely offset by government assistance. The overall revenue reduction combined with increased expenses associated with the pre-season tour to Fiji and the successful implementation of the Generation Red program make the surplus result a significant achievement.

To realise this result the committee worked hard to reduce expenses throughout the financial year. Particular commendation to Geoff Adam for his tireless efforts to host functions from the Red Army which reaped substantial savings along with the benefit of being very well received by players, family, friends and support staff.

The club will continue to face financial pressure in 2020-21 with the delayed finish to the playing season causing presentation night and the sportsman's lunch to be held after this reporting period, with the likelihood that the 2021 version of these events will also be hosted in the same financial year. A full playing season in 2021 will also see an increase in medical costs; however, the committee remain fully committed to maintaining our high-quality medical policies that we are so proud of.

On behalf of the committee I would like to thank all our sponsors, in particular the Licensed Club, who remained committed to the Rugby Club despite the huge ramifications of COVID 19 on their operations and financial position. The Club would not be able to sustain its operations as one of the premier Rugby Club's in Australia if it were not for our sponsors.

A thank you to our Rugby Administration Manager, Ryne Bowden, for his efforts on maintaining and developing our close-knit relationships with sponsors. Ryne continues to perform at a high-level in his wide and varied role.

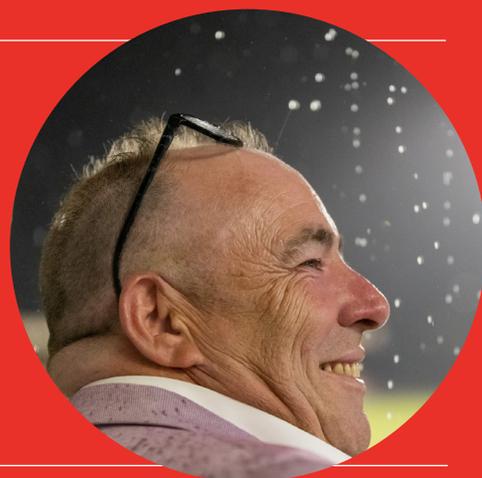

Also a special mention to Nick Scrivener and Lee Boswell for their tireless efforts to develop our current and future playing groups. I can see the Club is developing a very strong culture that will pay dividends on the field in the future.

Lastly, a big thank you to former Treasurer Ryan Slater, Rugby Club staff, and the committee for their continued support during my first year as Treasurer. You have all made my transition into the role a smooth one. Although we did not have the on-field success we strive for, I truly believe the Club is in a great position to return to the top of the tree next year.

Cameron Shaw
TREASURER

PRESIDENT'S REPORT

34

I was looking for some inspirational quotes in terms of how people are getting through 2020, (the year of coronavirus). One of my favourites was **“Life isn’t about waiting for the storm to pass. It’s about learning how to dance in the rain.”** – *Vivian Greene*.

2020 started really well with off-season training moving into pre-season and then a wonderful tour to Fiji where a cross-section of the clubs players bonded on and off the field and immersed themselves in Fijian culture whilst representing our club with distinction amongst sponsors and old boys. Not long home from the tour and (like the rest of the globe), we moved into a lock down hiatus away from our normal routines and devoid of our training, playing and social environments. Our awesome rugby staff plotted a course with small group work, physical challenges, regular comms and plenty of check ins and good humour to maintain the players conditioning and spirits.

We were lucky and thankful to eventually return to a staged training environment and shortened season that was carefully managed with multiple COVID safe plans and protocols.

Fast forward 4 months to our destination and the 2020 journey ended with the bitter disappointment of 4 out of 5 teams bowing out of sudden death semi-finals and no premierships silverware collected. Although disappointing, rest assured that our efforts were at their usual standard and it just wasn't our year. 2020 highlights still included:

- Premier Grade Club Champions
- Premier 1sts - Minor Premiers, Allan Scollen, Roman Warcaba and Bob Hitchcock trophy winners
- Premier 2nds – Grand Finalists
- Premier Colts – Minor Premiers with so much young talent to go around again in 2021 or move up
- Women's – Lost to eventual Premier by 17-7 in semi with so many new & talented players for 2021
- 1st Division Grades – 3rds toiled hard and supported all other grades and 4ths were very brave in a good semi-final performance.

The lack of our usual (tangible) silverware is disappointing, but I suggest our journey and the (intangible) outcomes of the 2020 season should still be celebrated proudly. These include:

- The aforementioned Fiji Tour – a wonderful experience
- Our best practice COVID programs – during shutdown for players and the safe return to VP
- The prudent fiscal management, strict budgeting and sponsor relationship management
- The ongoing growth of our own young players from within our ranks into Premier grades
- The new and hugely successful Generation Red program (100 players across U16-U18 with two 2020 premierships, girls and boys U16) all training at VP with specialist coaching and development and minimal costs to parents
- All of our other successful participation programs (Modified Rugby Program, Sense Rugby, Rugby Tots)
- Our local Community and Charity contributions
- Our Diversity and Inclusion initiatives and move to adopt best practice mental health and player/member mentor programs as well as our development of coaches and trainers
- Our continuation as a Super Rugby player factory promoting so many players to higher levels
- Our social calendar (dancing in the rain at the Red Army amidst the COVID storm)
- The atmosphere and club spirit were very high in 2020 as we embraced all the diversity of people that contribute to our club – well done

Our Treasurer Cameron Shaw will provide details around our financial performance but I would like to mention that we are pleased to report on a solid surplus in such a tough operating environment, noting that 2021 will provide further challenges with some significant spends that we have pushed forward from this year (e.g. usual events occurring

PRESIDENT'S REPORT (CONT)

35

post 30 September). I want to thank Cameron as well as our committee and staff more broadly who all made concerted efforts to ensure in a COVID environment we tightened our belts and made all possible efficiencies.

THANK YOU

My heartfelt thanks go out to all of the stakeholders that make our club and its programs revered. In particular the Vikings Group Directors and Senior Management and all of our invaluable Partner Sponsors (at all levels) who stuck tight with us in 2020 despite their own COVID financial challenges.

Thanks to the other committee members for 2020 who put in lots of time and selflessly undertake so many thankless tasks to keep our club running.

Our full-time staff continue to amaze with their dedication, professionalism and passion to continually go above and beyond and prepare a high performance environment for all our players and members, huge kudos go to Nick Scrivener, Lee Boswell and Ryne Bowden – we're very lucky to have you.

We continue to be in awe of our support staff and volunteers, from medical and training to S&C to coaches, managers, strappers etc – you all have a positive can-do approach and make every effort to support and spoil our players.

Thanks to our Vikings Juniors, our old boys, our Life Members and finally thank you to all of our players and their families for making the efforts and sacrifice at our exacting standards and striving for success.

Reviews of 2020 and plans for 2021 are already underway and I hope you share my confidence that 2021 will be a bumper year. Enjoy the off-season.

Brendan 'Trendy' Allardyce
PROUD PRESIDENT

RUGBY MANAGER'S REPORT

36

2020 will perhaps be the most chaotic year I will experience in my professional career, but one that I will certainly take a lot of lessons from...though I am glad to see the back of it!

It feels like we completed three seasons in one, such was the amount of work that went into making sure we could get a Rugby season off the ground. I am so incredibly proud of all the people at this Club in making sure it did – there is a group of 150+ players who had meaning restored to their lives each week.

Firstly, I would like to thank our team of Sponsors and Partners. In a great show of support for Vikings Rugby, every one of our Platinum, Gold and Silver sponsors (a team of 40+) who had committed to sponsorship in 2020 agreed to proceed with their agreement following the initial 'lock down. In a time of operational and financial uncertainty this is a huge testament to their character and support of our Rugby program. We also saw the majority of our Player Sponsors return in July, which is outstanding.

Every year in this report I quote something along the lines of 'our Sponsors are the lifeblood of our Club'. This cannot be understated this year. Without the generosity and support of our sponsors in 2020, it is unlikely that we would have been able to get everyone onto the field, kitted up, and enjoying all the things that make being a part of Vikings Rugby so great.

On behalf of the Club, thank you to all of our Sponsors and Partners for your support in 2020, and for ensuring we could offer our world-class Rugby program in these unprecedented times. Personally, thank you for your understanding, your empathy, your ability to put up with the ebbs and flows of the season that almost wasn't, and your friendship.

A very special thank you to our team of support staff and volunteers. We asked so much of you this year, but each of you far exceeded your abilities given everything that happened. I know at times it may seem like the things

you do go unheralded, but everything you do is noticed and appreciated beyond measure. I'm privileged to work alongside some very passionate and dedicated individuals, you should all be very proud of your collective effort this season.

It would be remiss of me not to mention that we had plenty of good times this year, too. Ladies Day was one of the best the Club has hosted, thanks in large part to the creative minds of our DAG (Daughters and Girlfriends) sub-committee. Our Sponsors Day, although hosted only a few short days after restrictions were lifted to allow for crowd attendance, offered a great opportunity to connect as a community for the first time during the regular season. We also enjoyed an excellent international Sponsors Tour to Fiji, #duenorth. And our Presentation Night, although vastly different from what we have come to expect from these evenings, was the most fun I've had working as the Rugby Administration Manager, although the stress right near killed me.

Pleasingly, we continued the Modified Rugby Program (MRP) in 2020, a program for children with learning and perceptual difficulties. It was again led aptly by Ben Pratt, who along with his Player Mentor team did an outstanding job with the kids. To the best of my knowledge, we were the only MRP Club in Australia that ran both a Wednesday and Saturday session, a testament to Ben's dedication.

We also launched our Generation Red program in 2020, in collaboration with our Junior Vikings Rugby Club. Gen Red caters for our U16 and U18 Boys and Girls, helping secure the next generation of Vikings and ViQueens. What seemed like a logistical nightmare was made all the more easier thanks to the commitment of our Junior volunteers. Thanks to everyone that got this program off the ground.

RUGBY MANAGER'S REPORT (CONT)

37

Some special mentions:

To Trendy, Geoff, Shawry and the general Committee members – thank you for your continued guidance and support throughout the course of 2020. Your passion for Vikings and work behind the scenes is all the more impressive given you all have your own full-time work to attend to. Thank you for your dedication and assistance during some difficult times.

To Scriv and Boz – I don't think either of you receive enough credit for your tireless work. Aside from the normal demands of your role, you took the lead on our new Generation Red program, wrangled players for the Fiji Tour and implemented a flawless COVID-safe plan for the Club, so that the players could be together and enjoy playing the game they love. Thank you for your professionalism and your devotion, I'm humbled to work alongside the both of you.

Let's hope that the tough times are behind us – and if they're not, at least we know we are well equipped to deal with anything thrown our way!

Thanks for a great 2020, see you in 2021.

Ryne Bowden

RUGBY ADMINISTRATION MANAGER & PROUD VIKING

DEVELOPMENT OFFICER'S REPORT

38

It has to be said!!!!...

2020 will go down as a very "different" year to say the least, but the bottom line is that we got to play Rugby and test our resilience along the way. All the things we took for granted in sport and generally in life were tested this year, but what became clear is that these things became very important for us to retain and to give us a sense of normality.

The typical Tuesday/Thursday/Saturday way of life was tested for us all, but what emerged out of this across our Junior and Senior Clubs was finding a different way to connect with each other, to challenge ourselves and each other and to keep each other sane and healthy.

This year we were forced to grow and shed our skin, and as uncomfortable as it can be sometimes it usually is a blessing in disguise.

JUNIORS

Like everywhere and everyone it was a long wait for our little Vikings to get back out onto the training and game paddock! But alas when it came time to slip the boots on and pull the socks up there was definitely not much complaining! Especially in the dead of winter.

For most of the age groups across the Club, 10 games of Rugby would be the net result of ACTJRU having to juggle a very narrow window for the 2020 season, and if you were lucky enough you got to play in a lower place play-off or the ultimate! The GF.

This year saw the Juniors teams compete in 3 Grand Finals!

The U14s girls really showed a lot of grit this year as it took a few rounds to even form a team, and then most of the season to get a good base of numbers, let alone find themselves in a GF. The girls played with a great amount of determination and were very unlucky in the end running out of time to pull back the lead that Wests had set going down 20-15! A big congrats must go to their coach Reinhold Kamilo who jumped on board to coach these future Vi-Queens and along the way picked up the Juniors Coach of the year award, also a big thank you to Robbie McNeil who answered the call to assist coach the U14s girls.

This year we were witness to a bunch of special girls that have been making a mark on junior girls Rugby. Our U16s girls' teams were a real force this year, it started as one team that quickly grew into 2 sides, the Red team and the White team and by seasons end both teams were sitting in 2nd and 3rd respectively in the combined division. It would be the Red team that would face off with the top of the table Wests outfit. In what can only be described as a complete game of running Rugby the young Vi-Queens ran out comfortable winners with a 45-17 to their cross-town rivals. In another great Rugby demonstration, the 16s White team ran out 34-0 winners over Uni-Norths in what should have been a Div2 grand final!!! What a fantastic result for this bunch of young ladies, some of whom were playing in their first year of not only Rugby but contact sport.

A big congrats goes to the coaching cohort lead by first time Rugby coach Anthony 'BOX' Willey and Vi-Queens stalwarts Stef Stewart-Jones and Lou Bush-Taliai, and an extended thank you to both Vicki Collins and Sharon Kidd for managing the squads.

The U16s boys started off with a whiz and a bang to their season with the U16s age group divided into 3 divisions with their first 4 from 4 games in Div3. From Rd5 onwards all the divisions were amalgamated and the young Vikings took away a 4 from 6 record leading into the finals. ACTJRU made the decision to break the U16s back out into their original divisions which gave the lads the opportunity to play their nemeses' the Jindabyne Piglets! A good week of prep work and a buoyant pre game speech by Darcy Swain revved the lads up for what was a great GF victory with a 19-12 score line.

I know the coaching staff of Ant Davies, Chris Caruana and Daryl Bailey were extremely pumped to achieve a back to back GF win for these young Vikings.

As for the rest of the Junior Club there were a total of 10 teams that finished in the top 4 after the regular season, and if not for a COVID affected season we may have seen more GF appearances and possible winners.

A big congrats to Ant on being awarded a life membership to the Junior Club! This is a great reflection on Ant's dedication to the Juniors, his energy and passion are well reflected

DEVELOPMENT OFFICER'S REPORT (CONT)

39

in this award. To Dereck, what a great year you have had considering this is your first time as president and in a year that can only be described as "Unprecedented", and to all the Junior committee, coach's, managers, first aiders, volunteers, parents and players, congrats to you all for a very trying year.

SCHOOLS

As with everything in 2020 the schools-based programmes were the ones that took the biggest hit! With all of the schools being temporarily closed for a period and coupled with most schools taking extra precautionary steps to not allow outside visitors, I was only able to continue with the Erindale College TSP programme.

As always, we have had a very good working relationship with the College and its Rugby programme and this year was extra important as 90% of the TSP squad members were in our U16s and U18s squads. Dan Hawke reported that the squad had hit its capacity of 34 members which was an increase on last year, and looking into 2021 the numbers are looking healthy again.

RUGBY PROGRAMMES

The 2019/2020 pre-season and season saw Vikings Rugby branch out into its most extensive involvement in Rugby pathways!

We saw some significant milestones reached this year with our NCG Vikings Rugby Academy break into its 10th year. This Rugby programme has assisted and developed a vast array of Rugby talent! From Club players, to ACT region rep players, NRC squad members, Brumbies and Super W, and all the way up to Wallaby and All Black selections. There would be very few Club Academy programmes that could boast such vast and great achievements, and we are very fortunate to have had NCG stand side-by-side with us to provide such a great tool to advance Vikings Rugby.

The JDS hit its 7th year this off season and we were able to continue to deliver some quality sessions to those young valley kids who really looked to build on their skills, enjoyment and participation of Rugby.

The JDS programme has been able to assist and develop A LOT of Viking talent! To name just a few there is the likes of: Izaak Weston, Isaiah Tikitau, Reece Chin, Jack Wright and TJ Sione. We hope to see a continuation of JDS participants continue through the senior club ranks over the next 7 years.

The Satellite Squad was another success in allowing us to firstly support Rugby development but to build some really great connections with those elite level school-based Valley players from Vikings juniors, Marist and St Edmunds and an opportunity for us to showcase our professionalism.

The latest addition to our Rugby Development programmes is the Generation Red programme, or as it is called "GEN RED".

This Rugby programme has been floating around as an idea for some time now but with a great deal of enthusiasm and drive from Trendy, Scriv and the Rugby office it has finally seen it emerge onto the valley Rugby landscape. A cooperation of efforts between the junior and senior clubs to establish a fully-fledged, professionally run development pathway programme aimed at our U16s and U18s boys and girls. The GEN RED was run out of Viking Park on Monday and Wednesday nights and part of the detail that was designed into this programme was to incorporate what we dubbed "performance coaches", these were coaches drawn from either current senior players or those that had contributed years of playing service to the senior club to assist the custodian coach, usually a parent of someone from the playing group.

The GEN RED players were exposed to a new fresh approach to training, preparing and playing Rugby, and all the while being closely supported and monitored by the senior club in the hope that we can continue to foster and unearth some Rugby gems from here within the valley.

The GEN RED programme accounted for 1/3 of the registered players in the junior club itself! With just over 100 registered U16s and U18s players. We were able to field 2 U16s girls' teams, 1 U16s boys' teams and 2 U18s boys' teams. From these 5 teams we saw 2 GF winners in the previously mentioned U16s girls red team and the U16s boys' team with the U16s girls' white team and both the U18s Div1 and Div3 finishing 3rd and 4th respectively in their competitions.

DEVELOPMENT OFFICER'S REPORT (CONT)

40

Again a massive thank you to Anthony Willey, Ant Davis and John Peri for their involvement and leadership as the custodian coaches, and to our player group of performance coaches in Stef Stewart-Jones, Lou Bush-Taliai, Chris Caruana, Daryl Bailey, Nic Murray, Stevie Solofa, Dan Solofa and Travis Pula and to other various grade players who made time to come and help over the season.

I'd like to extend a massive amount of gratitude to a few people who have contributed largely to these programmes. To Travis Pula for your long service to not only the JDS over the past 4 years but to the GEN RED U18s this year, Thanks mate. To Andrew Henderson and Ant Davies for their ongoing assistance with the JDS programme, two Rugby mad Vikings and two great representatives and life members from the Junior Club.

To Rich Lock who we will sadly say goodbye to after 4 years of loyal service to our V-Academy and club! You have added to our club greatly over these 4 years, via your vast knowledge of S&C, to your care and support of players and to your loyalty and commitment to all things Vikings, we are very fortunate and lucky to have you part of our Vikings family. All the best with the upcoming birth of your little one and ongoing study we hope to see you around at a game or training session.

And lastly to Dave Mailau and NCG, 10 years of partnership in providing what I believe to be the best Club Rugby Academy programme in the country. Your ongoing involvement in our Club but has enabled us to development pathways for a very large array of Rugby talent! Talent that is displayed across the country and the world, it is and always will be greatly appreciated.

REPRESENTATIVE HONOURS

With Covid shelving many of the representative programmes this year we were only able to see a pinch of players pre Covid and at the back end of the season take place in representative honours.

Pre Covid saw 3 games for the Brumby runners and inclusions of Isaac Henry, Tom Hooper and Bo Abra.

To Our Vi-Queens who represented in the third year of the

Super W. Congrats to Peta Cox, Emily Sogal, Ema Masi, Gabby Petersen, Tayla Stanford, Zali Waihape-Andrews, and captained by Michaela Leonard.

Post Covid and post season saw a one-off fixture for the Brumbies U19s vs the Australian Army Barbarians. Congrats to Miguel Fernandez, JD Lealiifano, Zion Going, Remy Lemisio and Vikings rookie of the year Patty Maka, well done lads.

And to our all-conquering Super Rugby AU Brumbies contingent, Lachlan Loneragan, Bo Abra, Darcy Swain, Ryan Loneragan, Joe Powell, Noah Lolesio, Len Ikatau, Scotty Sio, Ben Hyne and Christian Lealiifano. A massive congratulations goes out to Noah and Len for their first selection into a Wallabies squad, and to Scotty for yet another fine year reflected in a continued Wallaby selection

THE WRAP UP

As we wave good-bye to a Covid stricken 2020 and look forward to a fresh new start in 2021 I am always very impressed with what our Club is and has been able to achieve and contribute. When I write down in this report all the programmes, schools, initiatives and successes that we are able to support and play a part of, I feel a massive sense of pride, a sense of belonging to such a great organisation that reaches out into its backyard not only this year but many, many years before and many, many years into the future. It goes without saying that I am always grateful for the opportunity to serve in this role, so with that I would like to extend many thanks to Trendy and our Vikings committee for giving me this opportunity, cheers all.

To Scrivy and Bowdo! Another year with you blokes is always a pleasure and I thank you both for your friendship and professional approach... and dad jokes!

Until next season stay safe, healthy and vigilant.
Cheers y'all.

COACHING DIRECTOR'S REPORT

42

RUGBY PROGRAM

2020 presented challenges for everyone. We battled through bush fires smoke and then grappled with COVID and the unknown circumstances it threw up each day, week and month. Throughout this time we were also under the constant shadow of not being able to play at all.

As such, our rugby year was split into five distinct parts

1. Off Season: 6 week program started in November for our Academy Squad which also included some school aged players we invited into a new Satellite Squad program.

2. Pre Season 1: Started in January and continued until mid March

3. COVID/PEP: Our COVID program started in March and we developed a PEP (Player Engagement Program) which went for 8-10 weeks and enabled us to provide online and remote strength and conditioning programs, maintain a competitive atmosphere with position specific challenges and competitions and online tracking of running loads of our players. In short, it kept us connected.

4. Pre Season 2: We resumed mid May and ran a second pre season which went for 10 weeks. This included a trial v Wests and an internal trial. This took us to season start.

5. In Season: First game was on 18th July and our in season block went for 12 weeks – 10 games, 2 byes plus a semi and grand final.

The season was extremely tough on the players who were asked to train both as a club and on their own during COVID, often with the uncertainty of playing any games. Everyone across the club were outstanding, they worked hard and got on with it. They found ways to interact, compete and stay in touch with each other and stay connected – this really affirmed to me how close our playing group and staff are and the very important role our Rugby Club plays in everyone's lives.

Of note was that 5 of our 6 grades contested the finals, with 2nd grade playing in a Grand Final, losing narrowly.

FJI TOUR

The Club continued the tradition of touring internationally. This year in late February we took 38 players and staff to Fiji. In addition to playing two games we engaged in various team bonding activities, mental toughness sessions and participated in some cultural trips deep into the country. The tour was a resounding success and brought everyone closer together and also provided an ideal opportunity for the 9 or 10 colts aged players and new players to integrate into their new club. It also allowed our sponsors the opportunity to spend time with our players. The value of touring cannot be understated and we will endeavour to continue our commitment to touring overseas intermittently in the future.

COACHING/MANAGEMENT

We welcomed a number of new coaches to the club and positioned some existing coaches with different teams. Our Coaching Structure was

1st Grade

HC	Nick Scrivener
AC	Jerry Yanuyanutawa (new)
Manager	Greg Hayes

2nd Grade

HC	Rata Going (new)
AC	Lix Lealiifano
Manager	Rory McQuinn

3rd Grade

HC	Andrew Gordon-Douglas (new)
AC	Freddie Pitasi
Manager	Scott Petrie (new)

COACHING DIRECTOR'S REPORT

43

4th Grade

HC Dan Solofa (new)

Manager Mick Bryant

Colts

HC Brendan Allardyce

AC Michael Henry (new)

Manager Eddie Lealifano (new)

Assistant Manager Ryne Bowden (new)

Vi-Queens

HC Duane Peterson (new)

AC Bryce Taotua (new)

Manager Narelle Davies (new)

Club Resource Coach Pat Langtry

Club Scrum Coach Brett Naylor

The coaching and management staff at the club did a wonderful job and exemplified the rugby club's ongoing commitment to providing top quality coaching and team management resources for all of our players.

MEDICAL

The professionalism and dedication of our medical team was again absolutely outstanding - Doc Pete Cole, Doc Ewen Bradbury, Doc Tze Hau Wong, Physios Kate Wafer and Laura King, our Sports Trainers Damien Davies, Andrew Glew, Colleen Gould, Peter Hawke. In addition we had Lee Boswell assisted by Richard Locke look after our Strength and

Conditioning. Richard will be leaving us after 4 years and we thank him wholeheartedly for doing a fantastic job and wish him well in the future.

In addition to their face to face interactions, our medical and S and C staff spend countless hours behind the scenes communicating with the rugby staff and players so the players have every opportunity to get diagnosed, treated, rehabilitated and back onto the field. The professionalism, dedication and care shown by our medical/S and C staff is a huge point of difference for us. This year our Head Sports Trainer Damien Davies is stepping back from his role after nearly 20 years service to the club as a support staff member - on behalf of everyone I would like to thank Damien for his dedication to the club - one of our greatest Vikings ever.

In terms of the rugby staff, I would also like to personally thank Ryne Bowden and Lee Boswell for their hard work and friendship this year. The effort Lee and Ryne put in behind the scenes far and above to keep Vikings running efficiently is a testament to their professionalism and dedication to our rugby club. We are very fortunate to have two such committed and selfless people on our staff.

To our very hard working Committee, you have a very important job in steering the direction of the club and I thank you for your support in such a difficult year.

SPONSORS

To all of our sponsors, thank you. The Rugby club simply wouldn't run without the assistance of our sponsors. We are fortunate at Vikings that our partners are more than financial partners, they care deeply about the club and are a very important part of the Vikings family - it was great to see many of them on our tour to Fiji. Their dedication to the club was more than ever shown through their willingness to stick with us through COVID. On behalf of all of us at Vikings, a very big thank you again and we look forward to continuing these relationships.

COACHING DIRECTOR'S REPORT

44

1ST GRADE

In terms of results, we finished the regular season with 8 wins and two losses. We lost a sudden death semi final 17-10 to Gungahlin. Despite coming up short in the semi, I am proud of the achievements of the 1st grade team. We finished the season as Minor Premiers (with two more wins than the next best), we retained the Bob Hitchcock Shield after winning all 5 home games, we won the Wal Scollen Cup against Royals and we won the Roman Wacarba Cup against Gungahlin. We were also able to debut a number of new players to 1st grade.

The most disappointing thing about our semi loss was that in the previous 4-5 games we had built a lot of momentum and were playing some of the best rugby I had seen from a Vikings 1st grade team. Unfortunately we came up short and didn't get the 2nd chance Prelim final as Minor Premiers and didn't get the chance of playing in a Grand Final. However, we lost the game and that is sudden death footy, we learnt a very important lesson about taking your chances in that loss.

I would like to thank 1st Grade Manager Greg Hayes for his tireless efforts with 1st grade and across the entire Club. I would also like to thank Jerry Yanuyanutawa, Brett Naylor and Pat Langtry for their outstanding efforts in helping coach the 1st grade team this year. Luke Gersekowski was named captain of 1st Grade this year. Luke did a great job in a disjointed year, led from the front and for a young man captained the 1st Grade team brilliantly.

CLUB

Lastly, I would like to thank the players who represent us all every Saturday, it's been a very long and strange year in which we asked a lot of the playing group, it was also highly enjoyable. We have a fantastic, close knit group of men and women at our club across every grade and team. We welcomed a lot of new players this year, who all bought into what we are doing and added significantly to the rugby club and live our mantra of Club-Team-Me. We work hard behind the scenes to create an environment that is inclusive, respectful, competitive and fun. We do everything together without hierarchy for a reason – that everyone at Vikings is valued and is also responsible for adding their piece to our great club.

Plans are well underway to ensure we are in the best position to compete, be successful and grow our club in 2021. We look forward to seeing all of our players back again.

Nick Scrivener

2ND GRADE REPORT

46

It has been an interesting year with a few hurdles to overcome, in particular the Covid-19 outbreak. Starting as a new coach at the club, the transition for me has been a breeze due to the inclusive welcome I received from the entire coaching staff and players.

Second grade was made up of players who have been with the club for a number of years and other players that were in their first year playing for the club.

At the start of the season we dropped a couple of games however, as a team we worked hard, and overtime I believe we were able to build trust in each other and improve as a team every week. The coaching staff were confident in knowing that every player would do the job that had been asked of them.

We were fortunate enough to have had many Colt players help us out throughout the season. These guys gladly stepped up when we needed the support and slotted into the team as if they were seasoned players!

The third and fourth grade staff and players were also supportive and always willing to assist and fill in where and when we needed it.

Unfortunately, we fell short of the goal, losing the grand final to Gungahlin 19 – 10. However, as a coach, I am extremely proud of all the players who put a second grade jersey on. The boys went on the pitch and gave their heart and soul each week. I have no doubt that there are great things to come from all the players and soon we'll see a few players taking the field for first grade! If you believe in yourself, you're already halfway there.

I would like to give a special thanks to Lix and Rory for all the support and work on and off the field. Lix has a special way of working with the players, he knows how to get the best out

of them. Rory for being able to organise a bunch of grown men each week, making sure we are all at the games on time and everything is in order before the men take the field. I have definitely established a good friendship with these two lads.

A huge thanks to Laura, Rich and Hawkey for running up and down the sidelines making sure the boys are good to go.

Lastly, I would like to thank all of the Vikings coaching support, medical staff and anyone else that has contributed to the second grade team. My job as coach was made easy with your tireless effort and support. It was a great season and I have really enjoyed working with you all.

COLTS REPORT

48

The 2020 colts side combined a core group of players returning from 2019 team with an exciting array of talent from the Vikings pathway and beyond. With first choice coach Robbie Kydd determining the clash between the end of the delayed season and the Spring Racing Carnival untenable, the President stepped in, to mentor a has-been in the coaches' box.

Whilst the break claimed a few victims, the remainder of the squad were definitely sick of training and ready to play when the season eventually kicked off in July. Unfortunately, that first game against perennial rivals Queanbeyan provided a pretty decent summary of the season that was to follow. Sublime passages of play mixed too frequently with periods of mediocrity, before a stirring comeback saw the side get close but ultimately settle for a draw.

This and another escape act in round 2 against Royals demonstrated the team's best qualities: a deep-seated competitiveness which meant they were in contention in every game they played, the capacity to attack from anywhere and an abundance of individual talent. These traits were unfortunately balanced by a tendency to play at the level of their opposition and coast for periods in games.

At their best the side was as good as any of our best Colts teams in recent memory. The highlight of the season was a complete team performance against Gungahlin at Nicholls, where relentless physicality against a bigger side laid the platform for some champagne rugby and a 32 - 7 victory. The second half performance in the swamp at Jamison the following week was similarly impressive as the side racked up a half-century in miserable conditions.

The depth and quality of the squad proved valuable across the club as Colts aged players contributed in every grade across the season, with a number being integral in second grade's push to another Grand Final. The players deserve particular credit for their collective willingness to help out and give their best wherever they were selected. Looking forward to next year, those graduating into the senior grades will make selection in the Premier grades even more competitive, whilst those returning to Colts will benefit greatly from the experiences this season provided.

As was probably evident from the tone of the review so far, Colts saw their season finish with a frustrating semi-final loss against an honest and canny Royals outfit. As ever, the boys

refused to give up despite conceding an early deficit and remained in a position to snatch the game when the clock ran out. Honest reflection would confirm that we weren't deserving of a spot in the Grand Final, and all involved will be desperate to contest and win the decider next year.

The season wouldn't have been possible without the off-field contributions of many. Whilst Eddie Lealifano would be first picked if the criteria for selecting a manager was being a good bloke, his competence in the role could charitably be described as needing improvement. Fortunately, he added significant value as a sounding board for the coaches and through his leadership on the bus trip to Collector. Ryne Bowden pulled double duty in making up for Eddie's aforementioned shortfalls, though his inability to provide working radios and occasional clashes with his main role at the club prompted significant alarm from Trendy's cardiologist.

Both Christian Lealifano and Beau Mokotupu were great value (the 5 times they turned up). In seriousness, Pat Langtry and Dan Solofa were both magnificent coaching contributors and supports with Dan incorporating our players (and coaches) in his 4th grade circus.

The side was also grateful for support through the season from Richard Lock, Laura King, and a pair of Peters (Hawke and Henry). Thanks finally to Boz, Scriv and the other coaches for their wisdom and support.

3RD GRADE REPORT

50

The 2020 season was once again long and very tough for the Vikings third grade side. It wasn't all bad, although our lack of success didn't reflect the time and effort put in by players, staff and management. At the very beginning of the season we struggled to pull together enough players for our one and only trial against the 2019 premiers Gungahlin, who came at us hard and there was a lot to get out of that game.

Already knowing that the thirds were going to struggle with numbers at preseason, we endeavoured to recruit many players and were able to get a "White Squad" pool of players for third and fourth grade. This was backed up by a spattering of Colts players, and for most of the season we were able to get a team together.

Our biggest hurdle was work and other commitments from players, who at times would be un-available to play or train. This severely affected game day preparations, and chasing down replacements to fill the void also meant that many fourth grade players would have to back up against a fresh team, which is never a desirable result.

Our first hit out was against the Queanbeyan Whites, where we started off slowly but came back to score twice in the second half. In our second game we again started slowly and lost two players off yellow cards to make things a little more difficult and went down 4 tries to 2. The third round was our first game where we really struggled for players and finally managed to get 14 men on the park, when 5 minutes in we lost our captain to a shoulder injury and he was out for the season. Although the score line doesn't reflect the effort by all, they scored a consolation try late into the second half. Moving on to round 5 where we were bolstered by some Colts and second grade players, we snatched a draw from the jaws

of victory after our captain burst through the defence only to lose the ball after severe cramps. After this round third grade struggled for numbers as it was obvious we were not going to make finals, however, we were able to support fourth grade in their effort towards the finals.

Although our numbers were low we held on to a fine core of players who will be the backbone of the team in 2021. Special mention to the following players for their outstanding efforts throughout the season, Daniel Uilelea, Callum Roles (Coaches Award), Swaniso Puteho, Daniel Thompson (First year at Vikings), Owen Barker (Best and Fairest), Matt Jolley (Players Player), Jack Van Lohuizen and Steven Sanday. Also some debutants in Blake Tessier, Brad Hearne, Zavia Scott, Lucian Tapsell, Alex Reed and Frank Tameo.

Although it was trying in 2020, I'm looking forward to the 2021 season where we can build on the foundations set this year.

Big thanks to Federico Pitasi (Assistant coach) and Scott Petrie (Manager) for all their assistance throughout the season.

Andrew Gordon-Douglas

4TH GRADE REPORT

52

What a great year to be a Viking Ranger!

The 2020 season was a fun and experimental ride for the 4th grade side. At times we struggled to pull together enough players on a Thursday night to run a full training but thankful that most players got there "permission" slips on time to the powers at be to fill a full team most weekends. The boys showed enthusiasm, energy, and dedication to make it through the season finishing in 3rd place and bowing out in the semi-finals to a strong West Lions side.

This year had many highlights. We welcomed back Jack Cartwright after a 5 year sabbatical to celebrate his 100th game in the Red and white against the Blue baggers. We also welcomed The Englishman (not so English) Matt Wafer aka Mr 100waffles to the 100th club. Hagars day hosted a team full of old boys including Andrew "Chewy Mr 2500" Dickson, Cameron "Slippery-Soap" Shaw, Damien "Iron Mike" Gubler and Ryan Slater back against Wests which ended up 89-26 to the red men.

4th Grade had a 5win/5losses season, the team was made up of a mix of old bulls, new players and baby face colts (not so baby faced). It was great to see our colts and new guys hold their own against some tough opposition, with the help of our veteran players showing them the ropes. To have a good quality mix of young and old players, 4th Grade has a very bright future to come and will be back bigger and better in 2021.

A massive thank you to Mick Bryant, Andrew Talaina and Steve Solofa for your amazing work week in, week out. To the Incredible trainers and Physios who keep the guys held together by strapping tape and magic spray, THANK YOU. Greatest thanks go to our loved ones who not only allow us to play the game we love with our mates, but also have to listen to us complain about how sore we are for the next week.

VI-QUEENS REPORT

54

The footy season is long and during the cold and wet nights in winter, the season can seem even longer, so I would like to thank the ViQueen players for their efforts in taking part of our journey to challenge for a title this year. We had a mixed group of players this season – from ViQueen veterans, all the way to ladies who had never played the game before which made the challenge of competing daunting but one myself and the other coaches, Bryce and Gavin excited about.

In summary of our season, we built accordingly with every game. We won games we believed we were meant to; lost games we know we could've done better in and ultimately eliminated 17 – 7 in a courageous effort against eventual premiers Royals in the preliminary final.

Having Stef Stewart-Jones, Peta Leddy, Sharon Waihape, Emily Sogal and Paris Robinson went a long way in bridging that gap of experience and inexperienced players. They were critical in bringing the team together. I along with the other coaches was able to rely on their knowledge and wisdom throughout the year so to this I want to thank them and acknowledge their contributions in what has been an unusual year of footy.

We had women play rugby for the first time this year and made an immediate impact. Mikaela "Mik" Callender and Sophie Chapman were the standout newbies, alongside future stars Zali Waihape-Andrews, Gabby Petersen and Kathryn Niki who also made their rugby debuts with the club. These rookies alongside the muscle of Ema Masi, Rita Palm and safe outside backs of Nirida Phonsaya, George Prasad, the ever-reliable Lauren Freeman and Kyree Parsons and the other elder statesmen of the playing group (already mentioned above) are a solid foundation for the team to build on in the coming years.

A few highlights for me coaching the Vi-Queen's group this year included:

- Stef Stewart Jones playing her 100th game for the Vi-Queens. The first woman to do so for our club.
- Sharon Waihape playing (and still dominating) alongside her daughter Zali.
- Ema Masi winning the Brumbies Super W player of the year award.
- Coaching my daughter Gabrielle Petersen and then seeing Tayla Stanford smash her in a tackle on GF weekend.

To those players who filled in for us when we were short, played on with niggling injuries – thank you for helping us stay in the hunt for a semi-final spot. To Kendall who was massive for us before her season ending injury and to George who is having a knee reconstruction after the 3rd Bledisloe game in Sydney, thank you for your commitment and efforts throughout the year and we hope you both have a speedy recovery!

I would also like to acknowledge Bryce Taotua, Narelle Davis, Gavin Sinclair, Colleen Gould and Tayla Stanford, their partners and families for the time they dedicated in supporting our women's rugby team this year. Taking time away from your families, work etc to help/serve others is something you can never get back and something people can forget but know, I never took your efforts for granted and will always be grateful for you and your families sacrifices. It was my desire from the get go to improve the players skill set so we were able to play a style of rugby that the women would enjoy, and these people were integral to our success in achieving that.

In a year where we were challenged to live differently due to the pandemic – losing a game or 2, not winning a premiership etc is nothing in comparison to your health being at risk, losing your job, losing loved ones and not being able to attend their funerals etc, so thank you again to all involved in helping us enjoy some time away chasing a rugby ball around on the weekends.

Gabrielle, Tyra, Avari, Desmond, Damon, Desiree, Dominic, Damaris, Divine, (and your families), Mum, Dad – thank you for your support throughout the years, especially this last one. Nana Upu (15.07.1930 – 26.04.2020), ua ou misia lava oe. Ou te alofa ia te outou uma.

Enjoy the off season and see you in 2021.

God Bless,

Duane Peterson

JUNIOR PRESIDENT'S REPORT

56

What a year 2020 has been, not only for our club but on every level of day to day things many of us pre 2020 took as a given. In 2020 we found ourselves in a year of Covid-19 and the global pandemic which when in the very early stages in early March and at the height of preseason preparations pretty much brought all that was normal to an end. The impact was felt by us all. With the world and Australia facing climbing infections and our medical facilities facing overwhelming odds. All professional and community sports were cancelled, and many states and territories went into some form or other of lockdown or stay-at-home directions. The effects of this on individuals, families, and even our nation was immediate.

Before all community sport ceasing, Vikings Jnr's pre-season preparation was as mentioned already well advanced. Our club held our first ever come and try rugby and registration day in early February which was well attended with around 100 or more boys and girls mostly from ages 7 to 10 together with parents. We were even lucky to have the like of Scott Sio and Darcy Swain from Brumbies in support on the day. Our early preseason registrations were looking healthy and by the start of March was up on registration numbers for the same period in 2019. Preparations for our Annual Gala event to be held in the first weekend in April was also tracking well. Our 2020 season was also our year to celebrate 40 years as a competitive Jnr sports club and the oldest Jnr sports club in the Tuggeranong Valley.

The month of April was quite an isolated month with many uncertainties and hope being a precious commodity.

Thankfully, by early May, hope for a 2020 season looked much more promising. With the Covid infection curve flattened our Federal and State/Territory Governments began looking at a staged return back to a new normal. Our governing and parent unions worked tirelessly to get us back onto the paddock. By June a 2020 season was back on with training allowed albeit in small groups and under strict Covid guidelines, such as sign in registration, social distancing as much as possible, and strict hygiene guidelines which would eventually relax further as time went on to the eventual kick-off of round 1 on July 18.

In a season wrap-up, despite the disruption, we saw the start of 2020. Vikings Jnrs, though overall numbers down from 2019, were still able to field teams in every age group from U7 to U18 albeit our U11 joining up with Easts for a Southern Barbarian team and our U12 joining to our U13's due to low numbers in those respective age groups. Our teams included two girl teams in the U16 age group and a late midway competition entry of a U14 girls Team. This was a huge win for our club which saw this team as the only U14 girls' team from all the south side community Jnr clubs bar Grammar high school. A team comprising of only 7 girls at their first game. By the next game a mere week later there were 18 girls and a new first-time coach. Many of the girls have never played union before and many being netballers and cheerleaders. Go girl power.

Finals round 11 for 2020 was also a little different given the year and given the restrictions and limited season. For 2020 finals would be played out in each division grade between the top two positioned teams and as such no semis would be played. Those teams not making finals had the opportunity to play a round 11. Vikings Jnrs was still able to see three of our teams get the opportunity to play a grand final, these were our U16 boys our U16 Girls Div 1 team, and our U14 girls. Our U16 boys and girls took the gold, winning their games with our U14 girls narrowly losing to a very strong Wests team. Our U16 Div 1 Girls team, which was a great win for us, was played against Wests which at the time was the top girl's U16 team for 2020.

Tuggeranong Jnr Vikings playing spirits remains high and continually displayed though our volunteers and players. Though a short season on a number of occasions our teams were commended by opposition team parents for their great playing spirit and attitude to the game and opponents.

From a club perspective to say that the year had its challenges would be an understatement. Even our annual popular Trivia night was postponed. As mentioned 2020 was going to be our year with main theme being our 40th celebration and on a personal note my first year as new Jnr club president and filling in some big shoes from previous incumbent, namely Andrew Henderson. So yeah thanks Covid.

JUNIOR PRESIDENT'S REPORT (CONT)

57

That said and despite the many obstacles and tough environment to get our 2020 season to a start and seeing it through to the last game. I can still gladly say we had some good wins as a club. These included but not limited to;

- The fantastic manner our coaches, managers and team support volunteers stuck together, worked hard and helped us as a club adhere to all the health directives at training and games. I am extremely PROUD of them all.
- Formation and successful progression of our U14 girls as mentioned.
- Introduction of Gen Red Program for our U16 to U18 boy and girls' teams. A new programme overseen primarily by our Seniors club which sees performance coaching and assistance to our teams. This was the first year and even despite everything that has happened this year, we have seen some good signs and foundations laid for our future across the age groups. Whilst at times the score board did not always reflect it significant improvements could be clearly seen across these teams. This is highlighted by the fact that both our two grand final wins came from Gen Red Teams.
- Our round 10 first ever sponsors day and very successful and enthusiastic old boys i.e. coaches/managers friendly game against ACT Veterans team. Which was a big hit amongst even our younger age groups.
- Round 11 was the biggest day for us a Jnr club with some 25 games scheduled; 3 being grand final games. Again, thanks to my committee and all our volunteers this was an extremely successful day and even noted as such by visiting teams.

One win I am pleased and thankful we were able to conclude with was the issuing of our new 40th anniversary playing jerseys which heralded something back to our original traditional jerseys. These had been planned for 2020 however with initial season start being cancelled and uncertainty of a future season, retention of already registered players and future registrations including continued backing of all our new sponsors for the 2020 season the likelihood of this occurring

appeared very unlikely. Even in the early days of talks of a later season start it seemed impossible as just getting our club ready for the later season start and compliance to health guidelines would require a substantial financial commitment. However thankfully our sponsors stuck with us, our player registrations whilst down was still significant and our initial receipt of our grant from our Seniors club but also the moratorium on field hiring fees by the ACT government assisted greatly as this cost is traditionally one of our largest annual costs for the club. The club were able to commit to this big investment and were able to eventually reveal our new play kit with teams wearing them in round 9.

The support of our sponsors and the funds received through sponsorship not only allowed us to provide for such items but also allow the club to continue to keep player fees at an affordable level, keeping rugby a viable option for families in our area and beyond and in 2020 even more so by allowing us to provide registration assistance to families hard hit by the pandemic. Your support is greatly appreciated!

Furthermore, our club is very grateful for the continued support by the Vikings Group but also the Vikings senior rugby club including the premier rugby club committee and staff for assisting us in coaching and player development. As first time Club president for Jnrs in particular, I'd like to thank Brendan Allardyce and Ryne Bowden for their insight and support at the committee level, as well as Nick Scrivener and Lee Boswell for their efforts and oversight of the new Gen Red program and the ever expanding Junior Development Squad program and support for our coaches. Also, to the senior players who took time out of their busy schedules to help out with our teams; whether it was attending a training session, jersey presentations and supporting at the games, your involvement is invaluable for our players greatly appreciated it.

A special mention to our committee members; Anthony Davies - Club Vice President, champion u16 boys coach, my right hand man and our most seasoned committee member and my guide through the intricacies of the world of Jnr rugby but also our newest Life member, Cobus Wentzel - Club Vice President my left hand man, Under 15s coach and sponsor champion, Renee Wentzel - Secretary and a new convert to

JUNIOR PRESIDENT'S REPORT (CONT)

58

Jnr Vikings, Tania Honneysett - registrar, merchandise sales champion, pretty much "everywhere" lady and definitely my better half, Melinda Davies - our website design and Facebook guru and 2020 new kit coordinator, Emma Wright for willingly being volunteered to oversee all our financial movements as Treasurer and chief first aid coordinator and above all number one rugby union fan and finally Nicole Johnstone another first on the committee and Vikings Jnr family member, U7 manager and whose enthusiasm and helpfulness saw her being approached to oversee a role as Manager Coordinator, a job fanatically overseen. They are all amazing people and have given above and beyond what is expected, and our club is lucky to have them all leading the way for Vikings Junior Rugby!

In conclusion this year as mentioned already was tough both in our personal, mental and work lives. The pandemic is still with us. For now, at least we live in a new norm. However, one thing this year has shown me and what our Viking family has shown and exemplified. It is that hope is still alive, community is still alive and no matter the obstacles our tenacity, endurance will keep us moving forward. I look forward to the future for our club, despite some things being different as we move forward living with Covid -19 ever in the background. I have great hope for an even better 2021 and continuing our 40th plus 1 celebration. Representing Vikings Jnrs as President in 2020 has been interesting to say the least and a huge learning curve to the inner circle intricacies of Jnr rugby and that's even not considering the Covid-19 pandemic. However, I can honestly say that it has been an absolute pleasure and honour and has only made me appreciate the club and its values even more. Bring on 2021, and in the interim stay safe, healthy and vigilant in these times.

"Go the mighty Vikings Family"

Yours in rugby,

Dereck Honneysett
PRESIDENT 2020
